About Us

Founded in 2012, SoSuTV is a Nevada-based television broadcast, video production and AV integration firm specializing in government communications. We've partnered with dozens of agencies to produce hundreds of citizen engagement videos and live-streamed public meetings, establishing ourselves as experts in transparent, accessible public sector media.

Our proprietary nideo platform enables secure, remote operation of government meetings, simplifying the broadcast process for agencies of all sizes.

Mission

We believe in increasing citizen engagement and promoting government transparency through innovative skills, tools and technology.

Vision

To revolutionize government communications through effective live streaming and professional video solutions for small to mid-size public agencies across the U.S.

Core Values

- We Care – Client success is our top priority.
- We Innovate – We evolve to anticipate your needs.
- We Connect – Transparency builds trust.
- We Serve – Friendly, skilled service is our hallmark.
